WE NEED YOUR HELP

How can the transportation system in the Calvert-St. Mary's Metropolitan Planning area better serve you?

How would you prioritize transportation projects to make your community better?

What transportation improvements are needed to make driving, commuting, access and recreation better?

The Calvert-St. Mary's Metropolitan Planning Organization (C-SMMPO) is responsible for setting priorities for regional transportation planning. This includes improvements to roadways, transit systems, bike facilities, and sidewalks.

Moving Forward 2045 is the C-SMMPO's Long Range Transportation Plan (LRTP) to improve transportation in the region.

Your assistance in identifying transportation needs and priorities is essential.
